New York Giants Win World Series

Washington Senators only win one game. Giants take first two games, lose the third game in a 4-0 shutout, then take the last two games which went into extra innings.

The 1933 world series passed into history last Saturday when the New York Giants won their fourth game. In each of the five games played fans were given thrills and tense moments a plenty. Two home runs by Mel Ott, young Giant outfielder, provided one of the features of the series, inasmuch as his first four-bag smash came in the first innings of the first game to open the scoring and his second circuit clout came dramatically in the last innings (10th) of the last game to end the scoring and win the pennant for his team.

Three other home runs were made: in the second game by Goslin (S), in the fourth game by Terry (G), and in the last game by Schulte (S) with two on.

The score by innings in each game follows:

First Game—
SENATORS 000 100 001—2 5 3
GIANTS 202 000 00—4 10 2
Hubbell and Mancuso; Stewart, Russell, Thomas and Sewell.

Second Game—
SENATORS 001 000 000—1 5 0
GIANTS 000 006 00—6 10 0
Schumacher and Mancuso; Crowder, Thomas, McColl and Sewell.

Third Game—
GIANTS 000 000 000—0 5 0
SENATORS 210 000 10—4 9 1
Fitzsimmons, Bell and Mancuso; Whitehill and Sewell.

Fourth Game—
GIANTS 000 100 000 01—2 11 1
SEN'S 000 000 100 00—1 8 0

Composite Score for Series:

A REMINDER!

A few years ago thousands of Alberta farmers petitioned and worked for the building of Alberta Pool Elevators. As a result the Pool system covers the Province in a close network.

The same reasons which inspired grain growers to ask for the service and protection of this co-operative system of elevators suggests that patronage should continue to be extended to them on a generous scale.

Upward Trend Now Under Way

A comment by a prominent Canadian.

M. W. Wilson, Vice-President and Manager of The Royal Bank of Canada: "The Prime Minister has quoted statistics to show that there are definite signs of trade recovery in Canada, but, in my opinion, these statistics do not fully reflect the improvement which has occurred. While there are still a number of clouds on the business horizon, notably the low price of wheat and the partial crop failure, business throughout Canada has shown a definite and, in a number of industries, a marked improvement, and my confidence in a continued upward trend is strengthened by the background of what seems to be definite world-wide recovery. It would be foolish to minimize the seriousness and extent of the problems still facing us, but the evidence of improvement will enable us to tackle these with greater heart and spirit. We are now offered an opportunity to show our confidence in ourselves and Canada in supporting the Government in its essential financial operations. Dominion of Canada Bonds are the premier securities available to investors.

Here and There

Four moose and two bear were taken by a party of six Paterson, N.J., hunters in the Kipawa district recently. The moose ranged from fifty to fifty-eight inch heads. This early success points to a good season in the district north of Montreal.

October 10-11 are the dates set for the International Cover Dog trials to be held at Petersville, New Brunswick. Many letters have been received from dog fanciers, both in the United States and Canada, inquiring as to the trials and a large entry list is expected.

First shipment of asparagus from Port Nelson, Ontario, to England, aboard the Duchess of Richmond recently, has been acknowledged by letters from the Old Country, stating that the "grass" arrived in excellent condition and was of exceptional quality and flavor.

Among the recent visitors to Grand Pré Memorial Park, in the Evangeline country of Nova Scotia was Mrs. A. J. Lafrance, of Laconia, N.H., whose husband is a lineal descendant of Francoise Lafrance, an Acadian officer banished at the time of the expulsion of the Acadians.

Tom Wilson, trail-blazer, trapper, hunter, Indian guide and veteran explorer, world-known for his discovery of Lake Louise and Emerald Lake in the Rockies, and last of the Canadian Pacific Railway's pioneer builders, passed over the Great Divide recently. He was in his 75th year.

A generous supply of British capital awaits investment in Canada, Sir Herbert Samuel, leader of the Liberal parliamentary party in the British House of Commons, told a large luncheon meeting of the Canadian Club at the Royal York Hotel, Toronto, recently.

The world's largest map of Canada, 30 feet high and 100 feet long, painted by Montreal artists on linen, hangs in the Hall of Nations, Chicago World Fair, as a joint display of the Dominion Government, the Canadian Pacific and the Canadian National Railways. Guarded by three red-coated members of the Royal Canadian Mounted Police, it is one of the most popular exhibits of the great fair.

Sir William Shenton, Carlton Club, Pall Mall, London, who was a delegate to the meeting of the Institute of Pacific Relations held at the Banff Springs Hotel, in August, recently concluded a salmon fishing trip to the upper waters of the St. John River near Perth. Having fished in Ireland and Norway, Sir William stated that the St. John River salmon could not be beaten for fighting qualities and average size.
